## Work Experience

### » Data Management & Retention Analyst

Claro Loyalty Corpo | Centro de Interacción Multimedia (Apex America)

2015 - Present (Promoted to a specialized role based on high performance)

- **Operational Management** (Current Role): Responsible for monitoring case flow and hourly performance reporting. Supervision of equitable workload distribution and technical validation of claims prior to escalation.
- **Customer Success & Retention:** Execution of proactive loyalty and retention strategies, achieving targets through the identification of customer dissatisfaction and effective conflict resolution.
- **Customer Support:** Handling administrative inquiries, providing first-level technical support, and managing customer claims. Developed strong negotiation skills, objection handling, and the use of positive language to resolve conflicts.

### » Freelance Graphic Designer

Independent Projects

Development of visual identity, branding, and graphic assets (digital and print) for diverse clients.
